THE DIYER

You're a small-business owner, an entrepreneur or self-employed, and can't afford your own accountant to help manage your financials.

THE SCRAMBLER

Your system for tracking tax-related documents is convoluted, inconsistent or even nonexistent, and leaves you scrambling each year at tax season.

THE ANGSTER

You dread dealing with your tax paperwork – you find it tedious and/or stressful, you put it off, or you're always anxious about whether you've done it all correctly.

What If? ... there were a way to handle your tax paperwork that was affordable, organized, reliable and – best of all – **easy?**

Introducing **Taxelope** – the ultimate tax-tamer.

Taxelope is your monthly system for recordkeeping, bookkeeping, tax planning and tax preparation. And it's as easy as 1, 2, 3:

- 1.** *Sign up with Taxelope*, and you'll receive 12 monthly "Taxelopes" – postage-paid envelopes addressed to us.
- 2.** *During the month*, you put all of your tax-related papers – revenue, income, receipts for expenses, meals, miles, etc. – into one of your Taxelopes for safekeeping.
- 3.** *At the end of the month*, you simply send your full Taxelope back to us, and we enter all your financial information into your personal tax file.

Just imagine – When tax time comes around, almost all of your tax work will be done!

Perfect for smaller businesses, sole proprietors, families or individuals!

Our team understands all 77,000 or so pages of the U.S. Tax Code!

Save money, time & worry – & get on with the business of life!

The simple system with *brilliant benefits...*

Our Taxelope monthly system itself is spectacularly simple – and its benefits to you and your business or family are abundant. As a Taxelope client, you get:

- **DAILY RECORDKEEPING** – Your Taxelope team enters all your day-to-day tax info based upon the paperwork you send us in the prepaid envelopes we provide.
- **DIGITAL RECEIPT MANAGEMENT** – We employ leading-edge technology to scan and categorize the receipts you send us, giving you an electronic backup of your tax records.
- **MONTHLY BOOKKEEPING** – Using what you send us, your Taxelope team can generate monthly income and expense reports, sales and use tax reports, and quarterly reports.
- **TAX PLANNING** – We're happy to offer recommendations and help you arrange your financial affairs in order to minimize the taxes you must pay.
- **WEEKLY TAX TIPS** – Taxelope's tax tips arrive in your inbox every week to help you stay on top of your finances and make tax-reducing moves throughout the year.
- **UNLIMITED TAX CONSULTATIONS** – Your Taxelope team is available on-call every weekday during regular business hours to respond to tax questions or concerns, and to offer suggestions and support.
- **ANNUAL TAX RETURN PREPARATION** – Taxelope's team will prepare returns for Tax Schedules A, B for no extra fee [or Schedule C at a nominal cost], with every return reviewed by one of our senior tax advisors.
- **LESS TIME DOING YOUR TAXES** – which means more time growing your business, realizing your dreams, and living your life!

... and a practical pricetag.

Taxelope and all its fantastic features take the pain out of your tax paperwork at an almost absurdly affordable monthly fee – especially compared with the cost of an accountant's hourly rate! Making your payment is made extra-easy via automatic monthly bank draft or credit card charge.

And, you can come to us for other professional tax services, too – we can help with traditional tax return preparation, corporate tax work, payroll, bookkeeping, and budgeting for businesses or families.
